

Hantsport Music Festival 2017

On July 22, 2017 Foundry Sports Field in Hantsport will host the fourth Hantsport Music Festival. The Municipality of West Hants has given approval for this event and bands have already been confirmed to play.

The community of Hantsport has been hit with some devastating news in recent years with the closures of Minas Basin and Fundy Gypsum. As hoped this festival has turned into an annual event that will draw visitors and former residents back to the town. The festival will directly benefit the local merchants in town as well as a number of volunteer groups from this area.

All profits from this concert will be distributed equally among the Hantsport Shamrocks, Hantsport Minor Baseball, Hantsport Memorial Community Centre, Hantsport Food Bank and Hantsport Fire Department. Since 2014 we were able to raise \$76000.00 for these fine volunteer groups. All of these groups provide a much needed nucleus of workers for the event.

This festival is a not for profit event and all profits will go back to the community. The sponsorship program become's so important to the financial well being of the event. It is our intent that through this program we raise enough funds to run the festival so we can again return 100% of the gate receipts back to the community.

Please see the attached Sponsorship Program for ways that you can help.

We appreciate any consideration for support you may be able to offer,

Kevin Guptell
